

Cultural Program

Offenburg University encourages international students to immerse themselves in German daily life and culture. The **International Center** offers an eclectic cultural program, which includes excursions to local sights and attractions as well as farther trips to places in Germany, Switzerland and France.

If you wish to participate in any one of the following activities, be sure to observe the deadlines for those that require registration. Such events are on a first-come, first-served basis, so that students who do not register in time may have to be turned down.
